

SENATE'S TARIFF ATTITUDE DEFINED

Will Agree to Accept President's View of Free Wool and One Cent Sugar

TO MAKE OTHER CHANGES

Will Amend Other Schedules and Provisions of Bill as It Thinks Best

MAY PASS HOUSE BY MAY 1ST

WASHINGTON, APRIL 10.—The senate's attitude toward President Wilson and the new tariff bill became fairly well defined today after another meeting of the Democratic members of the finance committee. Briefly the senate committee will agree to accept the view of the president and the house as to free wool and one cent sugar, with the free-three-years attachment, but it will exercise its right to amend other schedules and provisions of the tariff bill as it thinks best.

The conference with the president yesterday brought a working agreement, under which both the legislative and senate leaders have yielded certain points. The senate Democrats do not propose to make any general increase in the rates of the tariff bill or to make the senate liable to the charge of the impeded efforts of the president and house toward tariff reform.

Many changes will be made. Changes will be made in many schedules, however, the work having been started today, with a consideration of the first schedule in the bill. Some of the changes regarded as necessary by the senate leaders may be carried over to the house and put in the bill in the Democratic caucus still in progress there.

The senate leaders reserve the full right to make changes after the bill reaches the senate, when they consider the necessary make the tariff revision more equitable and scientific. The decision to stand with the president upon the wool and sugar tariff issues brought the various forces of Democratic control into practical unity, it is claimed. Should the president and the house majority refuse to accept any change in the wool and sugar provision it is understood the senate committee will lend its support to the same program. The fight against free wool, however, has become more acute at both ends of the capital and several state delegations in the house are appealing to Democrat senators for support in the fight to retain some duty.

Representative Underwood and the other Democratic tariff leaders were making no apparent effort to limit debate or hasten party decision on the bill. This deliberate progress has raised the hopes of the wool and sugar interests that they may be able to organize sufficient strength to change the bill in the caucus so that it will pass the house with at least a small duty on wool and without the provision to make sugar free in 1916. The opinion is strengthened by the attitude of the senate Democrats. Many of them who favor at least a small wool and sugar tariff are lending their influence to the fight in the house in the hope that the issue can be fought out there and will not have to be settled in the senate.

Through Another Debate. Representative Underwood and his associates of ways and means committee succeeded in getting the tariff bill through another day's debate in the house caucus without any change in its rates. Most of the day was devoted to the earthenware schedule.

Representative Underwood said to night he thought the caucus would be almost through with the bill by Saturday night and that he expected from the harmonious proceedings of the caucus that the house would pass the bill before the first of May. Representative Brundage will present an amendment when the sugar schedule is taken up tomorrow and it is said that four other Louisiana representatives are counted upon to vote with him against the bill if it comes up in the house with anything like the present reduction on sugar.

The caucus adjourned shortly after 6 o'clock until 11 o'clock to morning session.

New Currency Reform Bills. New currency reform bills were introduced in the house today by Representatives Prouty of Iowa, Nelson of Wisconsin and Palmer of Pennsylvania. Congress now has nearly a dozen bills covering all branches of banking and currency reform, but none of which bear the endorsement of the official committees of the two houses or of President Wilson.

Representative Carter Glass, who probably will introduce the measure about which money reform debate will center in the house, conferred today with Secretary McAdoo of the treasury. Mr. Glass said at the end of the conference that there will be no difference of opinion between himself and the secretary of the treasury over the bill that he will finally introduce in the house. Three general bills are now before the senate. The Weeks bill embraces the plan of the monetary commission for a

national reserve association or central bank through which all banks would secure their note currency. The Hitchcock bill proposes twenty distinct reserve associations, each with the power to issue notes to its members and to buy and sell commercial paper. The Jones bill proposes 16 sub-treasury districts, each sub-treasury being empowered to issue currency to banks on approved bonds. Under this bill a permanent national monetary commission of 18 members would be established. The measure would impose a penalty of ten years imprisonment upon any person guilty of trying to "corner" the currency, either directly or through a "chain of investments."

For National Currency Board. Of the bills introduced to day that of Representative Nelson proposes a national currency board of seven members, with power to issue treasury notes through local "associations of reserve and discount."

That of Representative Prouty would create a new emergency currency similar to that created by the Aldrich-Vreeland law now in force, but which would be much more accessible for banks in case of emergency. Under this measure the emergency notes in amount equal to 40 per cent of a bank's capital and surplus, could be stored in the bank's vaults and put into circulation with the consent of the comptroller of the currency.

Representative Palmer's bill and one introduced earlier by Senator Hoke Smith would give banks the right to loan money upon real estate mortgages and conveyances. A general banking bill has also been introduced by Representative Levy of New York.

Revolves Previous Order. Secretary McAdoo of the treasury department late today practically revoked his previous order by which subordinates were forbidden to give out news except through the secretary's office. The secretary issued the following amendatory instructions to his assistants:

"The secretary memorandum with reference to giving out news was not intended to prevent the publication of routine matters of legitimate interest to the public. Heads of bureaus and chiefs of division may give to representatives of the press any ordinary news but matter involving views of policy or reforms in the department should be submitted to the secretary for his approval."

Federal Relief Fund. A permanent federal fund of \$100,000,000 for relief and reconstruction work in localities laid waste by flood, fire, earthquakes and other catastrophes was proposed in a resolution introduced in the house today by Representative Carey of Wisconsin.

Sends Letters to Government. Secretary Bryan today despatched identical letters to the governors of states which have acted favorably upon the constitutional amendment providing for the direct election of senators, and have not yet reported the fact to the state department. The secretary suggested prompt notification in order that he may issue the usual formal notice of the adoption of the seventeenth amendment.

To Discuss Plan With Burleson. President Wilson will discuss with Postmaster General Burleson tomorrow the latter's plan for dealing with fourth class postmasters placed in the classified service by executive orders of Taft and Roosevelt administrations. Mr. Burleson has been trying to work out a scheme for examinations to determine the efficiency of the postmasters and the president too, has been studying the subject for some time. A decision may be reached tomorrow as to the policy to be pursued.

Will Suspend Work. Secretary Garrison warned congress today that work on the battery of seacoast defense guns for the Panama canal must be suspended until the sundry civil appropriation bill vetoed by former President Taft was passed soon.

If money for the work is not available by May 1, two hundred skilled mechanics at Watertown and Water Vliet must be discharged. One million dollars was provided for the work in the federal bill. House leaders are planning to re-pass the bill within a few weeks.

Hawaii Petition Being Proposed. Honolulu, April 10.—The Star Bulletin says today that a petition is being prepared, declaring that "Whereas, Hawaii is commercially unable to exist under free sugar, it be allowed to withdraw from the union and resume its previous status of independence if a free sugar provision be enacted by congress."

The Star Bulletin says the petition is being drafted by an attorney engaged by leading business men and that the latter are giving it earnest support. It will be put into circulation as soon as the draft is completed.

DR. FRIEDMAN WILL INSTRUCT PHYSICIANS.

Providence, April 10.—Dr. Frederick F. Friedman will instruct four Rhode Island doctors tomorrow in the use of the vaccine which he claims can cure tuberculosis. These will be the first physicians in this country to be told how to administer the vaccine. A large number of patients were treated by Dr. Friedman. Among them were Miss Sophia Berger, who was given the serum in New York. Then she walked on crutches; today she was able to walk without assistance.

WILL QUIZ PROPRIETORS. Chicago, April 10.—The Illinois legislature white slave investigating commission which has been holding conferences with department store heads and others of the largest employers of female labor in this city, tomorrow will attack the subject from the other end by summoning before it proprietors of dives and dance halls, against whom accusations have been made.

STRIKE LEADERS HAVE CONFIDENCE

ALL HOPES THAT STRIKE COULD BE
AVERTED HAVE VANISHED

Will be Most Sweeping Attempt Ever Made to Apply the Methods of Organized Labor For Purely Political Ends.

BRUSSELS, APRIL 10.—All the hopes that the general strike for manhood suffrage would be averted have vanished, and it now seems certain that the last sweeping attempt yet made in the world's history to apply the methods of organized labor for purely political ends will begin Monday.

The leaders in the movement display the utmost confidence. The strike fund now amounts to approximately \$3,000,000, and fresh contributions from home and abroad are pouring in hourly. The Belgian cigar workers of Boston, Olneyville and Manchester, U. S. A., have sent \$2,000.

The bulk of the conservative middle class population, who up to the present, because of the assurances of the government and clerical press that the strike was a bluff and a bogey, regarded it with unconcern, are now beginning to be badly scared and their fears are increased by forebodings of disorders and brigandage, with which a certain section of the press is filled.

Many storekeepers, as a consequence, have announced that they would close their establishments and place their valuables in security. The Socialists, however, laugh at these terrors. They profess to believe that the measures they have taken are fully adequate to prevent serious trouble. They urge prohibition of the sale of liquors and the closing of saloons and have themselves forbidden parades and meetings of their adherents.

The government working in conjunction with the provincial and communal officials is putting the finishing touches on its measures to preserve order, but as yet hesitates to call out sections of the militia, not wishing too greatly to exaggerate the importance of the movement and also because it fears a repetition of the acts of mutiny which occurred after the last elections.

FRANK KINNEY FOUND GUILTY OF MURDER IN FIRST DEGREE

Chicago Burglar Admits Having Shot Retired Lake Captain and Will Die in Electric Chair.

Cleveland, O., April 10.—Frank Kinney, of Chicago on trial here on a charge of first degree murder, for killing Ralph E. Byrns, a retired lake captain on the night of February 2nd, last, today was found guilty by a jury in criminal court. The jury had been considering the case since late yesterday. As it makes no recommendation of mercy Kinney is doomed to die in the electric chair.

Kinney admitted on the stand that he and a companion entered the Byrns home for purposes of burglary. The shooting followed when they were surprised by Byrns. The companion now is at large.

WOMEN DIED OF EFFECTS OF POISON.

Paw Paw, Mich., April 10.—A coroner's jury, which investigated the deaths of Mrs. A. G. Six and her daughter Dorothy, whose bodies were found in the ruins of their home at Lawrence, destroyed by fire February 6, returned a verdict late today that both women died from the effects of poison administered by Mrs. Six's husband, Dr. A. G. Six, a prominent county physician, while he was temporarily insane.

On March 11, Dr. Six committed suicide in his office at Lawrence. He left a letter in which he declared that his act was prompted by unjust suspicion directed against him in connection with the burning of his home and the finding of the bodies of his wife and daughter. After the suicide the authorities called in experts who exhumed the bodies of Mrs. and Miss Six. The coroner's jury, in its findings, declared it based its charges upon the testimony of the state physicians.

CLAIM TOLL LAW IS UNCONSTITUTIONAL.

Lincoln, Neb., April 10.—Charging that the Nebraska flat rate telegraph tolls law, passed by the present legislature and signed three days ago by the governor, is in violation of rights guaranteed by the United States constitution, the Western Union Telegraph company this afternoon secured a restraining order from the federal court to prevent the law from being enforced. Application for an injunction will be heard today at Omaha, April 23. The new law, passed with the emergency clause, making it at once effective, provides for a flat 25 cent rate for ten words for all points in Nebraska. Both telegraph companies have ignored the law.

KIRBY INDICTED BY FEDERAL GRAND JURY.

Chicago, April 10.—Dr. W. T. Kirby, former president of the Kirby Savings bank, which failed last summer with practically nothing to show for the \$20,000 depositors had placed in the bank, was the subject of two indictments returned by the federal grand jury today. The banker's physician is charged with perjury and concealment of his assets.

THURSDAY IN CONGRESS.

Senate.
Not in session.
Meets at noon Saturday.
Finance committee Democrats met and considered new tariff bill.

House.

Met at noon.
Representative Stevens (Cal.) introduced bill directing Panama railroad company to establish Pacific steamship line in connection with Atlantic line.
Representative Mann introduced bill for tariff board of five members.

Representative Hobson introduced joint resolution for constitutional amendment for direct election of president and seven year term.

Representative Bartholdt, one to limit president tenure to two four year terms, Representative Neely one to provide popular election of United States district judges every six years.

Representative Bartholdt introduced resolution for commission to fix boundaries of North and South American nations.

Representative Clark introduced resolution for special committee to investigate various legislative and executive committees.
Representative Austin one to investigate tobacco pool at Henderson, Ky., and Representative Loback one to investigate prices paid by government for elevators.

President would be authorized to invite foreign nations to participate in naval parade at opening of Panama canal by resolution introduced by Representative Taylor.

Representative Flood introduced resolution for government bureau of tobacco industry.

Survey and estimate of ship canal between Lakes Erie, Ontario by LaSalle-Lewiston route is directed in resolution by Representative Mott.

A Lincoln memorial highway Boston to San Francisco, proposed in bill of Representative Taylor.

Representative Murdock introduced bill for labeling of clothing and textiles and making misbranding a misdemeanor.

Representative Palmer introduced bill to permit National banks to loan money on real estate to fifty per cent of combined capital and surplus.

Representative Kelly (Pennsylvania) for rules committee in place of Representative Chandler who declined to serve.

Adjourned at 1 p. m., until noon Monday.

POPE'S CONDITION STILL IMPROVING

CHANGE FOR THE BETTER IS ANNOUNCED TO BE CERTAIN

Pontiff Had no Fever Yesterday and His Strength is Returning Slowly—If no Complications Intervene His Speedy Recovery is Assured.

BULLETIN.

ROME, APRIL 10.—Midnight.—The Pope slept during the evening and was resting quietly at midnight.

ROME, APRIL 10.—The change for the better in the condition of Pope Pius X was absolutely certain today and the amelioration is so marked tonight that if no complications intervene his speedy recovery to normal health seems practically assured. There was a complete absence of fever today and signs that the people's strength is beginning to return and the re-appearance of cheerfulness in the patient are all indications that even the relapse from influenza which the Pope suffered April 8 has been mastered.

The Pontiff was able to hear mass this morning and to take communion. He even sat up in bed while hearing a report from the papal secretary of state. His holiness also granted a longer conversation than usual to his sisters and niece who showed unmistakable signs of relief at the apparent improvement in the Pope's health.

Speaking to the Associated Press after visiting their brother, the Pope's sisters said:

"Now we breathe again. What we have suffered these last few days is terrible. When he is ill we feel as though we are dying. When he is well we are in a seventh Heaven. We live in his life."

SIMPLE CEREMONIES FOR MORGAN MONDAY.

New York, April 10.—J. P. Morgan left written instructions as to how his funeral services should be conducted. In accordance with the instructions, simple ceremonies will be held over his body at St. George's church, of which he was senior warden, next Monday. They will consist of the Episcopal burial service without eulogistic addresses of any kind.

Mr. Morgan's body is expected to arrive here on the steamship France Friday night and it will rest in the Morgan library adjoining his residence until the hour for its removal to the church. Only immediate relatives and the most intimate friends will be allowed to view it.

PROBLEMS AFFECTING LIVES OF YOUNG GIRLS

WELFARE OF GIRLS IS DISCUSSED AT
SESSION OF Y. W. C. A.

Mrs. S. J. Mortland Explains Why the Salaried Woman is Apt to Live and Dress Beyond Her Means and the Growing Disinclination to Marry.

RICHMOND, VA., APRIL 10.—Problems affecting the welfare of young girls were discussed at today's sessions of the Young Women's Christian Association. How the association hopes to deal with them was explained by Miss Mabel Cratty, general secretary of the national board.

"Two things with which we contend," said Miss Cratty, "are conditions and sin and there is a constant interplay between these two factors. We must make the conditions under which women live safe; we must educate their sense of values and help them to get their bearings among the circumstances of modern life."

Miss Grace Dodge of New York, president of the national board, presented her report this afternoon. It dealt with the growth of the association throughout the world.

Reporting for the committee on thrift and efficiency Mrs. Samuel J. Mortland, of New York, dwelt upon the social aspects of extravagance, explaining how the society girl of wealth buys lavishly abroad and the daughter of the business or professional man of measurable income feels that her social success depends upon her ability to obtain the best American duplicate.

The salaried woman she added adopts a mode of dress relatively beyond her means, while the girl in the shop would be more than human could she withstand the force of the ever present temptation to keep the pace.

"Different causes contribute to the growing disinclination to marriage," said Mrs. Mortland, business opportunities have made women more independent. The stress of competition and the demands of more expensive standards of living have made it increasingly difficult for men to marry.

"Such signs of the times with the rapid increase in divorce and the scarcity of real homes must claim the consideration of every thinking woman."

WHEELER MAY FIGHT TO TEST VALIDITY OF CIVIL SERVICE LAW

State Game Commissioner Will Not Be Bluffed Out of Office and May Start Test Case.

Springfield, Ill., April 10.—John A. Wheeler, state game commissioner, probably is to be the one to make a fight to test the validity of the state civil service law, according to statements he made tonight.

"Somebody will have to make the fight to test the validity of the state civil service law," he said tonight, "and I suppose that it may as well be me."

"Some time ago I stated that I would resign whenever they wanted me to quit," Dr. Wheeler added, "if the governor has some one else he wants to put in my place, all right, but when it comes to trying to bluff me out, the only thing left to do is to fight."

Begin Hill Investigation. Chicago, April 10.—Preliminary hearings of the special committee of the board of trade appointed to investigate the alleged misconduct of John Hill, Jr., in charges that a fund was used in the passage of the "puts and calls" bill, were begun today.

Hill underwent a two hours cross-examination by the committee, the chairman of which refused to discuss the result.

"I told the committee that I 'stood pat' on my statements," said Hill, "and that I had nothing to retract or modify. It was intimated to me that if I should so amend my letter as to remove any suspicion which the charges reflected on my fellow members, I would be easier for them to drop the entire investigation but I refused to consider such a thing. It is understood that two directors had previously admitted that a fund existed, but that it had been used for entirely legitimate purposes."

WEBB DOES NOT TAKE STAND IN OWN BEHALF.

Chicago, April 10.—Robert Webb, the automobile bandit who surprised the prosecution by pleading "not guilty" to the charge of murdering Detective Hart here last January, provided another surprise in Judge Kersten's court today when he rested his case without having gone on the stand himself after having introduced single witness in his own behalf. He said he had told the story of self defense at the inquest and could not repeat that testimony if he went on the witness stand. Closing arguments were begun.

MT. PULASKI MAN ARRESTED BY POSTAL OFFICIAL.

Council Bluffs, Iowa, April 10.—M. Ballinger was arrested here today by Postoffice Inspector Randall and held for investigation by the postal authorities. Ballinger, whose home is at Mt. Pulaski, Ill., some time ago related a story of having to wed before June 15th or forfeit a \$40,000 share of his father's estate. A flood of letters followed this declaration, which aroused the suspicions of the postal authorities and arrest followed.

WILL TALK WITH WILSON IN INTEREST OF FARMERS

COMMITTEE PRESENTS CONCLUSIONS
OF SCIENTIFIC AGRICULTURISTS

Visit to Washington is Authorized by the Conference on Marketing and Farm Credits Which Closed its Session in Chicago.

CHICAGO, APRIL 10.—A committee authorized to lay at the closing sessions of the Conference on Marketing and Farm Credits will go to Washington in a few days and present to President Wilson the conclusions of 500 scientific agriculturists, financiers and economists who have met here for three days.

The chairman, Frank P. Holland, also will name a committee in each state to place the matter before the state governments and secure a favorable action.

To the president the committee will read the report of the committee on resolutions, which states, among other things:

"The cost of taking the products of the farm to the consumer is unnecessarily large, and the methods employed are wasteful. Economical and efficient methods for the distribution of these farm products are of pre-eminent importance in reducing the cost and raising the standard of living. The government should establish an effective agency for the study of the problems of marketing and for the distribution of information as to conditions and needs and rational methods of meeting these needs."

"The state governments in a similar manner should take up the study of more economic and efficient systems of marketing. The universities, agricultural colleges, newspapers and organizations for the promotion of economic welfare, both in the city and country, should give the question immediate attention. The conference declared in favor of organized co-operation both of consumers and producers; extension and improvement of the parcels post and reform of the currency system. The future of the conference is left in the hands of a representative committee, of which Dr. J. H. Connell is chairman. Other members include Governor James Cox of Ohio, B. F. Harris, former president of the Illinois Bankers' association; Dr. Henry J. Waters, president of the Kansas agricultural college; Dr. Charles McCarthy, director of the Wisconsin legislative reference bureau, Madison, Wis."

VIOLATE STATE PROHIBITION LAWS.

Leavenworth, Kan., April 10.—Twelve alleged joints, the proprietors of which were charged with violating the state prohibition laws, were raided here today by officers acting under the instructions of the attorney general. The officers seized five wagon loads of whisky, beer and wine.

The officers found men drinking at a bar in the leading hotel of the city and the proprietors were arrested, charged with contempt of court for ignoring an injunction by which they were restrained from violating the prohibitory law. Later a representative of the attorney general filed a motion in the district court demanding that the hotel be closed and padlocked, or a received be appointed for it because the proprietors have persistently violated the law.

DECLARES THERE IS ACTIVE TRAFFIC IN BOSTON BABIES.

Boston, April 10.—An active traffic in babies at prices ranging from \$2 up is carried on in Boston, according to Mrs. Charlotte Smith, a mother of five children, who has pointed out for the legislative committee on public health today in support of a bill requiring the registration of midwives.

Mrs. Smith declared that she had bought infants and knew where more could be purchased at any time.

"The idol of the home in the back bay," she said, "is a poodle dog. They run from \$100 to \$1,000. White babies are being sold at from \$2 to \$10 depending upon whether they are blondes or brunettes."

ATTEMPT ASSASSINATION.

London, April 11.—The Peking correspondent of the Daily Telegraph reports that an unsuccessful attempt was made to assassinate General L. T. Yen-Hong, vice-president of the republic. One hundred executions followed the attempt. General Chi Yu-Ling, the alleged ring leader, being among those decapitated.

COMMITTS DOUBLE TRAGEDY.

Ottawa, Ill., April 10.—Theodore Thorkildsen shot and killed Mrs. Ira Nelson, 75 years old, a blind aunt of his wife and committed suicide this afternoon. Thorkildsen was 45 years old and a clothing salesman. It is believed he suddenly became insane.

SHOOTS CHILD AND SELF.

Fargus, Minn., April 10.—Mrs. Peter Johnson of Dane Prairie, shot her youngest daughter, aged 4, in the head; wrangled the child who she supposed was dead, in her kitchen and then killed herself. The child probably will recover. The cause of the deed is unknown.

CONDITIONS MORE HOPEFUL AT MEMPHIS

Breaks In Levee at Wilson, Ark., Relieve Strain on Southern Dikes

SITUATION STILL GRAVE

North of Wilson Situation Is Still Critical—Ohio Expected to Recede Soon at Cairo

MISSISSIPPI KEEPS LEVEL UP

MEMPHIS, TENN., APRIL 10.—Optimism marked expressions to night of those in charge of the battle to hold the levees in the central section of the Mississippi valley against the flood swollen river. Conditions while still grave were more hopeful. Breaks in the levee near Wilson, Ark., are serving as outlets for a great volume of water, relieving the strain on the embankments south of that point and a day of sunshine has had its effect both on the dikes and the spirits of the flood fighters. North of Wilson at Osceola, Luxora and Barfield, the situation is still critical, although not so desperate as it was last night.

South of Memphis preparations are being made for a hard fight near Helena and the levee just north of the Benah, Ark., crevasse of last February, has shown signs of weakness.

At Memphis the river fell 1.2 feet to day. The telegraph operator at Wilson who sent a dispatch to night urging that a relief expedition be hurried to the town, reported that at the time he was standing waist deep in water and that Wilson and the surrounding country was flooded to a depth of from four to ten feet. Those who did not leave before the levee broke have assembled in the upper floors of the more substantial buildings.

Little Chance in Ohio Stage.

Cairo, Ill., April 10.—High water in the Mississippi is keeping the Ohio level at 54.5 feet here. But the flood waters of the Mississippi are being carried off through the break in the levee at Drift Water, Mo., and the Ohio is expected to begin to recede in a few days.

At Drift Water, Mo., the gap in the levee is a mile long. Water is pouring into southeast Missouri with an eight foot drop. The rate of the current is estimated at eight miles an hour. The Illinois Central railroad got a train through the flooded drainage district this afternoon. Regular service to Cairo is probable by Saturday. Representatives of the Salvation Army arrived today in Cairo and will begin relief work at once.

FILES SUIT FOR \$100,000 DAMAGES AGAINST FATHER

Playwright and Actress Alleges Theatrical Magnates Have Conspired to Keep Her Off Stage.

Chicago, April 10.—Mrs. Mildred Considine (Serrill) today filed suit for \$100,000 damages against her father, John W. Considine, a theatrical magnate. Tommy Sullivan, a partner of Considine, Fred Lincoln of the Western Vaudeville Managers association and the Inter-State Amusement company are co-defendants.

Mrs. Considine who is a playwright and actress charges they conspired to prevent her from producing her plays or appearing on the stage. She alleges her father has used his influence with booking agents and theater owners and that for some time she has been unable to secure employment.

Mrs. Considine resides with her mother, Mrs. Wallace F. Brown, who 20 years ago secured a divorce from Considine after a legal controversy of two years.

ISSUES BANK PERMIT.

Springfield, Ill., April 10.—State Auditor Brady today issued a permit to Sewell L. Avery, Myron B. Cottrell, Frederick Wickett and Herbert Gren to organize the "Lake and State Savings Bank" of Chicago. The capital stock is \$250,000.

WEATHER INDICATIONS AND TEMPERATURES.

Washington, April 10.—For Illinois—Cloudy and colder Friday; probably rain in north portion; Saturday unsettled, moderate to brisk north and northwest winds.

ACKNOWLEDGES RECEIPT OF RELIEF MONEY

E. E. Crabtree of the flood relief committee appointed by the Chamber of Commerce has received a letter from Hugh Dougherty of Indianapolis, trustee of the relief fund, expressing thanks for the \$100 draft sent. Mr. Dougherty gives assurance that the money will be expended under the supervision of Governor Ralston. The local committee sent a similar draft to Ohio and kept on hand a certain sum to be used in Illinois if the need arise soon.

Still Have to Be Caught.

There are as good fish in the sea as ever were caught, but few of them are likely to try to crawl up into your lap.

WOODSON PLAY POSTPONED.

The play "Out in the Streets," announced to be given tonight for the benefit of the Woodson Christian church has been postponed on account of the bad condition of the roads.

DAY SESSIONS HELD BY MORGAN CO. MEDICAL SOCIETY

Two Clinics Observed at Local Hospitals and Paper Read by Dr. Carl E. Black on "Gas Gangrene"—Resolutions Adopted.

Two clinics at local hospitals and a paper by Dr. Carl E. Black at the medical library was the program Thursday of the Morgan County Medical society. Heretofore the society has held their meetings in the evening and the plan of holding the sessions in the day time is experimental. The new plan gives both the physicians in the country, who belong to the society as well as the city physicians an opportunity to attend and at the same time gives all the opportunity of the clinic facilities of the general hospitals. Considering the bad roads, a goodly number of physicians from out of the city were present. Clinics were held at Passavant hospital and at Our Savior's hospital by Doctors C. E. Black, J. W. Hargrove, F. A. Norris, A. O. Hardesty, E. L. Crouch, George E. Stacy, and clinical reports were given by Doctors Josephine Milligan, David Reid, J. A. Day and A. L. Adams.

At 1 o'clock the members adjourned to the medical library where a paper was read by Dr. Carl E. Black on five rare cases of Gas Gangrene. In explaining the disease Dr. Black said that Gas Gangrene is a condition which sometimes follows wounds which are contaminated with street or garden dirt, or caused by gunshot injuries. These same wounds, if improperly treated, are often followed by tetanus or lockjaw. Early surgical treatment is imperative in gas gangrene. The condition may be prevented by primary cleanliness and keeping the wound open, since the germs causing this disease grow best without oxygen; and early injections of antitoxic or lockjaw serum.

Passed Resolution. Both the clinics and the meeting were of considerable interest. The society adopted resolutions favoring a progressive, scientific and non-political state board of health and also favored legislation for good roads in Illinois.

The following were the physicians from out of the city: Doctors N. J. Hughes of Waverly; J. B. Perkins of Franklin; R. R. Jones of Woodson; J. H. Spencer, Murrayville; J. G. Franken, Chandlerville; J. G. Canatsey, Bluffs; J. K. Elder, of Murrayville; W. H. Garrison of Pearl.

Sample of Business Man.

Motorist (to victim)—What is your name and address? Victim—John Smith, 14 Bean street. Motorist—All right, Smith. Can't stop now, but tomorrow I will call at your house and try and convince you that you should carry an accident policy in the company I represent.—Puck.

See "A SCRAP OF PAPER" at L. W. C. Music hall Monday night.

SUIT FOR DIVORCE FILED.

James B. Large, by his attorney, T. F. Smith, is suing for a divorce from his wife, Grace Large, whom he charges with infidelity. They were married October 25, 1894, and lived together until March 1909 when the complainant alleges that he became convinced of his wife's improprieties. They have four children.

D. O. K. K. CEREMONIAL.

Initiate Temple No. 62, D. O. K. K. will give a grand ceremonial next Tuesday night. The social side of Pythianism, and every Knight should be a member. There is nothing to it but fun and a general good time.

Puzzling Relationship.

How is a person to become the sister-in-law of her grandmother and the aunt of her own mother? This puzzle has been successfully solved by a young lady, Mile Antoinette Grauliere, at Lunas, in the Dordogne. She married M. Stelling-Laumont, of Fleury, and, as he happened to be her grand-uncle and the brother of her grandmother, she thereby became her grandmother's sister-in-law. At the same time she was, according to law, the aunt of her own mother.

BRIDGE IS REPAIRED.

The bridge over the San-Juan river at Chandlerville on the C. P. & St. L., which was damaged by the recent floods has been repaired. The work was finished Thursday evening at 5:30 o'clock and the first train to pass over was the passenger coming south. The bridge has been out of commission for nearly two weeks.

Now Comes the Golf Faker.

A ball played by a golfer at Weston-super-Mare struck a skylark, so we read, and cut the bird's head off. You should hear us tell our story of the golf ball which stuck in a bird's beak in the middle of its flight. The bird flew off with the ball to its nest. Fortunately for the player, the bird had made its nest in the next hole.—London Globe.

Fatal.

A Hutchinson man announces the discovery that pouring scalding water on chinch bugs will destroy them. Tom Cordrey inquires if the man has experimented by placing the chinch bug on an anvil and hitting it with a 40-pound hammer.—Kansas City Times.

A Widow's Awe, Anyway.

Gibbs—Here's a table showing woman's chances of marrying at various ages between twenty and forty. Of course it grades down. Gibbs—Rubbish! If a woman really wants a man her chances are 100 in 100 at any age.

ANXIETY FELT FOR MEMPHIS MAN NOW IN LONDON

Booked Return Passage on Steamer Which Sailed Without Him—Believed to be on Steamer Capania.

London, April 11.—Scotland Yard is making inquiries concerning the mysterious disappearance of Joseph W. Martin, of Memphis, Tenn. According to the Daily Express he had booked return passage on the liner La France, which, however, sailed Saturday without him. He has been missing a week. It is believed he had a large sum of money on his person.

Memphis, Tenn., April 10.—Joseph Martin, who is reported to have disappeared mysteriously from London, is a wealthy cotton merchant of this city. Relatives here were advised that he would sail for home aboard the steamer Olympic but later received a cablegram stating that instead he had secured passage on the steamer Capania, which is expected to dock at New York Saturday. They know nothing of his probable disappearance.

PYTHIANS GO TO BEARDSTOWN.

Twenty-five Local Members Attend Session—Three Candidates Given Work.

Twenty-five members of the local lodges of Knights of Pythias went to Beardstown Thursday night to attend the meeting of Beardstown lodge No. 207, at which two candidates were given work in the third degree.

The meeting was largely attended and aside from the delegation from Jacksonville twenty-two were present from Astoria. The work was given by a team made up of men from Astoria and Jacksonville and following the meeting lunch was served. A number of good talks were given, among the speakers being J. J. Reeve of Jacksonville, Grand Outer Guard of Illinois, and L. B. Turner, District Deputy Grand Chancellor, of Jacksonville. The Jacksonville delegation went in the interest of the D. O. K. K., and a large number from Beardstown is expected to attend the ceremonial which will be held in this city April 15, when about fifteen from Beardstown will take the work at the ceremonial here.

Among those from Jacksonville who attended were J. J. Reeve, L. B. Turner, Robert Tilton, Luther Smith, Mr. Charles B. Magill, Fred Hopper, James Pyatt, Markoe Barr, John E. Hall, E. D. Pyatt, E. G. Matthews, J. A. Obermeyer, Jewel Scott, J. G. Reynolds and A. D. Arnold.

Quick Business Transaction.

While a flock of sheep was being driven along the Glasgow and Carlisle road, near the town of Lockerbie, Scotland, the other day, a motor ran into it, killing three. The motorist at once drew up, inquired as to the cost of the sheep, paid for them, bade the shepherd "Good-day," and went on his way, the whole affair being the work of a few minutes.

BROOKLYN MEN MEET.

Members of the Men's Bible class of the Brooklyn M. E. church held a very enthusiastic meeting Thursday evening at the home of Harry Clemens, 460 South East street. A very pleasant evening was spent with guessing contests and music and prizes were awarded to Mrs. G. G. Duncan and Roy Potter. Refreshments were served.

PLAYED PROGRESSIVE ROOK.

An item of a party given by Miss Hazel Strawn, appearing in a recent issue of the Journal, stated that the guests played progressive euchre, when it should have said progressive "rook."

People Hard to Please

People who are anxious to reduce the high cost of living should get acquainted with us and learn our methods of doing business in both

Groceries and Drugs

We specialize in the entire lines of both Groceries and Drugs, but more especially on—

Roberts' bulk perfectly blended coffees 28c, 35½c, 37½c, 40c, 45c.

Roberts' 16 oz. cans baking powder, 15c.

Roberts' (own make) flavoring extracts.

Beechnut Eacon, 35 cents pound by the piece.

Highest possible quality bulk oats, 5c pound.

Bulk domestic Macaroni, 5c pound.

Bulk gloss starch, 5c pound.

We offer all other bulk goods when they can be handled in a strictly sanitary way and at the same time at a saving to our customers.

Quality First

We do not confine ourselves so much to Brands as we do to QUALITY, although we have found for QUALITY, UNIFORMITY, and PRICE that the "MONARCH" Brand is the very HIGHEST POSSIBLE VALUE.

Let Us Tell You How We Can Serve You Better.

Spring Drug Needs

Spring Tonics take tone. Begin now and enjoy the spring. Start right. Blood Purifiers and Blood Builders that can be depended upon. Look at these: Roberts' Beef, Wine and Iron, the old reliable tonic that starts the red blood to flowing. Be sure and get the kind that's made right, with the right kind of beef and purest wine. Burk's Sarsaparilla and Red Clover Compound. Purely vegetable and a general tonic. Dr. Hobson's Wine of Cod Liver Oil and Malt. The ideal pulmonary remedy. Cures deep coughs, bronchitis, etc., and adds flesh to the body.

Many more high grade tonics in stock and now is the time to start.

For External Use: Tone up the complexion with the purest and best toilet cream of today, Roberts Almond Cream, absolutely guaranteed.

Roberts Cold Tablets—These tablets will break up a cold quickly. Take them according to directions and they will bring quick relief and with no bad after effects.

MISSIONARY SOCIETY ELECTIONS.

Ladies of Union Baptist Church Hold All Day Meeting Thursday.

An all day meeting of the ladies of the Union Baptist Missionary society was held Thursday with Mrs. Edgar Curry and her mother, Mrs. Mary Camm, when the annual election of officers was held.

On account of the bad roads there were only twelve members and two visitors present and the work for the morning consisted of cutting rugs for rugs. By the noon hour a large number of balls had been made and at that time a sumptuous dinner was served, to which all did justice.

At 2 p. m. the meeting was called to order and the devotional exercises were led by Mrs. Huff. Following the annual election of officers the members decided to continue the all day meetings and dinners for the coming year. The ladies feel justly proud of their last year's work, as all of their apportionment of \$75 has been raised. Mrs. Elizabeth Wood gave an interesting report of the semi-annual meeting at Ashland, April 4, and Mrs. A. A. Curry read a short sketch about the Baptist short school of Chicago.

This ended the day's program and the next meeting will be held Thursday, May 1, with Mrs. Richard Wood.

The election of officers resulted as follows: President—Mrs. Harriet Beekman. Vice president—Mrs. A. A. Curry. Secretary—Mrs. Mary E. Lukeman. Corresponding secretary and treasurer—Mrs. A. A. Curry.

See "A SCRAP OF PAPER" at I. W. C. Music hall Monday night.

CONGREGATIONALISTS MEET AT PANA

Mr. and Mrs. Eb. Spink and Miss Georgia Fairbank arrived at home at noon Thursday from Pana, where they had been as delegates to the Springfield Association of Congregational churches.

Delegates from the Joy Parole church were its pastor, Rev. W. R. Butcher, Mrs. John B. Joy and Mrs. Williams. Mr. Spink was chosen moderator of the association. The next meeting will be held in Alton in October.

The sessions were held from Tuesday afternoon to Wednesday night in a new mission church at Pana which was organized among the coal miners by Miss Bockery and Miss Best. As no pastor has been appointed for the church these two ladies are carrying on the work and in a very creditable manner.

Belles Lettres play "A SCRAP OF PAPER" at Music hall Monday night.

MR. O'DONNELL MAKES STATEMENT.

The collision between a car from L. F. O'Donnell's garage and road wagon driven by Robert McCarthy on Pine street Tuesday evening has been the occasion of some comment and the Journal yesterday printed a statement from Mr. McCarthy, giving his views of the cause of the accident. Mr. O'Donnell said last night that he had thoroughly investigated the happening and that it occurred in the following manner: He said:

"The car was running north on Pine street, between State and North streets, and McCarthy turned from North street to Pine ahead of the car and took the east side of the street. He evidently looked back and saw the car coming, for he turned quickly to the west side of the street. Meanwhile the driver of the car had turned to the left, the proper side, in preparation for passing road wagon, and the collision was inevitable. It is certain that the car was not being driven rapidly, for if it had been the damage done would surely have been much greater. As it was, the car was moving at a moderate speed and responded quickly when power was shut off, although the collision could not be avoided. As it was, the damage done to the horse and vehicle was not great and fortunately young McCarthy was uninjured."

BUILD UP K. OF P. LODGES.

The Dramatic Order Knights of Khorassan, the social side of Pythianism, does more to build up the Knights of Pythian than any other thing. All Pythians should belong to the D. O. K. K. K. R. Temple will have a big ceremonial next Tuesday. You can't join unless you are a Pythian in good standing. If you fill the bill, come on in.

Labor and Idleness.

There is but this difference between labor and idleness: That labor is a profitable and pleasant trouble, idleness a trouble both unprofitable and uncomfortable.—Joseph Hall.

ter, Mrs. Otto H. Buhrman on South Main street.

Mrs. L. G. Brown and daughters, Misses Lois and Janet of Sandusky street are spending a few days at the home of Judge and Mrs. Lewis Rinaker in Chicago. The ladies are sisters.

Mrs. J. T. Ring, Jr., who has been visiting with relatives in the city for the past few days, has returned to her home in Winchester, accompanied by her niece, Margaret Louise Schuman.

DRINK CAUSES LARGE MAJORITY OF DOMESTIC TROUBLES IN CHICAGO

Chicago Court of Domestic Relations Has Handled Nearly Seven Thousand Cases in Past Two Years.

Chicago April 10.—Drinking by an overwhelming majority is the cause of the wrecking of most homes whose affairs came under the Chicago court of domestic relations in the past year. The novel court is about to close its second twelve months. Three thousand six hundred and ninety-nine cases were heard this year. Nearly seven thousand have been handled in the two years of the court's existence. Liquor was the cause of 42 per cent of the domestic troubles heard by Judge Gemmill; immorality 14 per cent, disease 13 per cent; ill temper 11 per cent.

The remaining 20 per cent was made up of minor causes. "More than \$10,000, has been collected and turned over to the dependent wives and children during the year," said Judge Gemmill. "Perhaps the best feature of the court's record is that reconciliations have been brought about in 50 per cent of cases of separation that came before it."

ALLEGED VAGRANT ON HUNGER STRIKE

St. Joseph, Mo., April 10.—Angered because the police have arrested twice on charges of vagrancy, Clyda Bosely, formerly a school teacher at Des Moines, Iowa, has taken on a hunger strike at the city workhouse. For four days she has refused to eat and tonight the authorities said they would resort to forcible feeding as the woman has been greatly weakened and nourishment is deemed necessary to save her life.

WHIPPLE MAKES PERFECT SCORE

San Diego, Cal., April 10.—During the battle practice off this harbor last night the torpedo boat destroyer Whipple made the best record shown by a vessel of that class in the last seven years.

Besides tearing the target screens to shreds, with three inch and six pound projectiles, the Whipple made 1,000 per cent in torpedo practice.

COUNCIL REGRETS PROTOCOL

Caracas, Venezuela, April 10.—The federal council today rejected the protocol of the agreement providing for a settlement of the differences between France and Venezuela and for a renewal of diplomatic relations between the two countries. The Venezuelan congress which convenes at the end of the present month is expected to ratify the treaty over the veto of the council.

HELD ON ARSON CHARGE.

Blue Earth, Minn., April 10.—Mrs. Knute Sandum, owner and publisher of the Briceyn Sentinel, a weekly newspaper published at Briceyn, Fairbault county, eighteen miles from here, was arrested today and brought here to answer to a charge of arson. Mrs. Sandum is accused by Deputy State Fire Marshals R. J. Martin and C. F. Heimbach with having attempted to set fire to her printing plant.

Where She Went.

Mater (at the Alpine resort)—We're back again, count; we've had a splendid day; we've been up the mountain, you know. Count—Ah, you English mothers, you are always as young as your daughters. Mater—You flatter me, count; it was only my girls who climbed. I went up in the vernacular. —Punch.

He Knew.

"Daughter," called the conventional, comic-paper father from his regular position at the top of the stairs, at the well-known hour of 11:55 p. m., "doesn't that young man know how to say good night?" "Does he?" echoed the young lady in the darkened hall, "well, I should say he does."

Bad for Chickens.

"I think, dear, we may as well give up the idea of raising chickens this year." "Why? Don't you think it will be a good year for chickens?" "No. It will cost too much to feed them. The man next door tells me that he has joined a golf club, so he isn't likely to have a garden."

"The Good Lord Made Them All." You doubtless remember the story of the old lady who deplored the shooting of crabs because, though she didn't know what they were, "life was probably as dear to them as to anybody."—From "The Business of Being a Woman," by Ida M. Tarbell.

One of Our Own.

"The Countess of Bunk is coming over, but fears she won't be able to stand the noise and rush of America very long." "She has changed. She stood it for thirty-eight years, until her daddy struck copper in Montana."

She Knew.

He—It is wonderful what mean things you girls can say to each other. She—Well, you'd say mean things too if you were a girl and knew all the other girls were saying mean things about you.

ELECTED SUFFRAGEAN BISHOP.

Boston, April 10.—Rev. Samuel G. Babcock, of Boston, arch deacon of the Protestant diocese of Massachusetts, was today elected suffragan bishop of the diocese convention.

FIRST VICTIM OF BLOCKADE.

Cettinje, April 10.—The first victim of the international blockade in the king of Montenegro's yacht, which was captured in the waters around Asserari. The yacht was escorting three vessels loaded with flour.

INDICATIONS OF PEACEFUL SETTLEMENT FAVORABLE

Servia is Reported to Be Willing to Withdraw Troops From Scutari.

London, April 10.—Indications of a peaceful Balkan settlement continue favorable. The Belgrade correspondent of the Daily Telegraph asserts that Servia has decided on Russia's advice to withdraw all the Servian troops now investing Scutari.

The international blockade of the coast between Antivari and the Drin river began at 8 o'clock Thursday morning. All ships within the blockade were allowed 48 hours in which to depart. The Russian government issued a long official communication last night explaining the efforts of the powers to arrange a settlement of the Balkan problem, and justifying Russia's consent to the annexation of Scutari to Albania on the grounds that this is necessary in order to preserve peace and because Scutari is purely an Albanian town, the annexation of which by Montenegro would only prove a source of embarrassment and difficulty, weakening instead of strengthening Montenegro. The note promises that the powers will find means of alleviating the lot of the Montenegrin people who are overwhelmed by the excessive sacrifices entailed by the siege of Scutari.

TWENTY KILLED AND MANY INJURED IN WRECK

Mexico City, April 10.—Twenty passengers were killed and forty injured in a wreck today on the Mexican Central railway near Tula, state of Hidalgo, because the engineer yielded to the importunities of the passengers. The engineer fearing to run into rebels, was moving cautiously. The passengers were similarly apprehensive, but believing that greater safety lay in greater speed, induced the conductor and engineer to consent to full steam. The train was ditched on a curve.

MYSTERIOUS PRISONER IS IDENTIFIED.

Chicago, April 10.—"Jake" Lewis, a mysterious prisoner in jail here, who is supposed by the police to be a man wanted for a number of questionable transactions by which he is alleged to have secured valuable jewelry from women, was today identified by residents of Evanston as E. C. C. Von Klein. The prisoner denies that he is the man wanted and declares that he will be able to prove his accusers are mistaken.

Meaningless.

"Your father called me a timber wolf. What did he mean by that?" "Oh, that's just one of his political expressions. He used to live out west, you know, and nothing ever pleased him so much as to shoot a timber wolf before breakfast. Of course he didn't mean anything by it."

NONE READY FOR WAR.

Washington, April 10.—Not one of thirty-one battleships and twenty-four destroyers that constituted the fighting force of 127 vessels which assembled for review in New York harbor last October, was ready for war, Captain John Hood, then captain of the dreadnaught Delaware, the pennant ship of the fleet, told the Navy league today at its session here. Captain Hood, now a member of the navy general board, gave his views on a desirable naval policy.

Truest Moments.

Count always your highest moments your truest moments. Believe that, in the time when you were the greatest and most spiritual man or woman, then you were your truest self.—John Wesley.

Steel Stays Stopped Bullet.

Steel stays have saved many a woman's life. Not long ago Mary Hennessy was taken to Bellevue hospital with a flesh wound in the side and Dr. Drury discovered that had it not been for a steel stay which deflected the bullet the wound would have been fatal, for the slug had been traveling toward a vital organ.

Valuable Collection of Buttons.

A collection of buttons, dating from the ninth century, left by a man who recently died at Ghent, in France, is valued at \$40,000.

Children Feel Inquisitive.

In the little world in which children have their existence, whatever brings them up, there is nothing so finely perceived and so finely felt as injustice.—Charles Dickens.

TWELVE INJURED IN WRECK.

Fort Scott, Kas., April 10.—Twelve persons were injured, none fatally, when two coaches and the mail car of a northbound passenger on the St. Louis & San Francisco railroad left the track and turned over, two miles north of Lockwood, Mo., today. Spreading rails was the cause.

RESERVE THEIR OPINIONS.

Berlin, April 10.—Tariff experts and manufacturers in Germany are inclined to reserve their opinions on the American tariff revision bill pending the arrival of fuller details than have been given in the cable summaries.

DRUGGIST SENTENCED.

Milwaukee, Wis., April 10.—Gustave O. Schorse, a druggist was today sentenced to four months in the house of correction and fined \$250 after pleading guilty in four cases of lawful selling of cocaine and morphine.

NOTED ENGINEER DIES.

Hamburg, April 10.—Otto Schlick, a member of this city, who invented a ship cyroscope, a contrivance to reduce the rolling of vessels at sea, died today. He was born in 1840.

Registry Clerk—"It is necessary for me to ask the mother of the bride if she has nothing to say before I proceed with the ceremony." Voice of Mother (in background)—"All I have to say is that if I hadn't had a good deal to say already they never would have landed here."

Why Jocko Failed in Business.

"I'm sorry to hear," said the Lion, "that poor little Jocko has failed in his laundry business." "Yes," replied the Wombat, "he undertook too large a contract by washing the Giraffe's collars for two cents each."

This May Be the Reason.

"Why is it that so many people keep on getting caught in mining swindles?" "I think it must be because there is always somebody around who is willing to accept money from others who think the more apparent a swindle is the less likely it is to prove what it seems."

They're too hard to keep in repair." They're mighty artistic looking, but putting up a few, but I have it up. replied Mr. Cunnor. "I thought of such as we have in Europe." "No." "You have no magnificent ruins only a Burden."

MORTUARY

McClure.
Hon. Milton McClure, a well known resident of Beardstown, died Wednesday morning in Chicago, where he had gone for medical aid. His wife and son Lloyd were with him when the end came. He was born September 3, 1858, on a farm in Macoupin county and received his education in Blackburn college and later taught mathematics in the same school. He later studied law in the University of Iowa. He commenced his chosen profession in Beardstown in 1883. He was married in 1885 to Miss Rose Orwig, who survives him and one son, Lloyd. He also leaves one sister and three brothers, Mrs. Jesse Peebles of Carlinville, Col. Charles M. McClure of Washington, D. C., Frank McClure of Louisiana and J. E. McClure of Carlinville. Burial will be made at Beardstown.

Shirley.
The funeral services of Mrs. Ophelia Shirley were conducted Thursday afternoon at 1 o'clock from the Arcadia church in charge of Rev. E. W. Hale. Music was given by the choir of Grace chapel and the flowers were cared for by friends.

The remains were laid to rest in Arcadia cemetery and the bearers were Charles Ogle, Henry Braner, Arthur McFadden, Oliver Braner, William Smith and Howard Braner.

Lovekamp.
Henry Lovekamp, a highly respected citizen of the Arenzville neighborhood, died Thursday night at 11:15 o'clock at the age of 78 years. His wife preceded him in death and he is survived by several children. He had been making his home with his son-in-law, Charles Nobis.

Ater.
The eighteen months old child of Mr. and Mrs. William Ater, who reside on the John Rexroat farm, six miles east of Arenzville, died Thursday night at 10:30 o'clock.

Baptist.
Funeral services for the infant child of Mr. and Mrs. Fred Baptist, of Springfield, were held Thursday afternoon at 2 o'clock at the residence of its grandparents, Mr. and Mrs. J. F. Lewis, 827 Cox street, in charge of Rev. Walter E. Spooner, pastor of Northminster Presbyterian church. There was a large number of beautiful flowers, which were cared for by friends. Interment was made in Jacksonville cemetery.

Roof.
Edward Claud Roof of Hillview, Ill., died Thursday afternoon at 2:30 o'clock at Passavant hospital, following an operation for appendicitis. He was born at Ashley, Ill., Feb. 24, 1889, being 21 years of age at the time of his death. He was a carpenter by occupation and a young man well liked and respected.

The remains were taken to Williamson & Cody's undertaking parlors, where they were prepared for burial and this morning will be sent to Ashley, where funeral services will be held and burial made.

Prices in Seville.

Roses are 18 cents a dozen in midwinter in Seville. The cost of theater tickets is not usually more than 42 cents. But railway travel for short distances costs nearly four cents a mile.

KNIGHTS OF PYTHIAS

GET MONEY'S WORTH.
Every Knight who has joined the B. K. K. got all that was coming to him. There's a chance for others next Tuesday night at Hierin Temple's ceremonial. \$10 to join, \$2 a year dues, no assessments. Any member will take applications.

It Makes a Difference.
Little Willie—"Say, pa, what is business courtesy?" Pa—"There are two kinds of business courtesy, my son. One is the kind extended to people who pay cash, and the other is extended to people who don't."—Stray Stories.

MARKHAM.
tor, Rev. Frederic Baylis would like to meet and greet as many friends of Old Liberty church as can conveniently be there. The roads during the winter have been impossible and impassible, but now things are brightening up, so come and hear his sermon lecture on "Ice People and Nice People." A comfortable pew and a welcome for you.

WATERS OF ILLINOIS BEGIN TO FALL A SECOND TIME

Recession of Nearly One Inch Recorded Thursday Afternoon—Work Still Progressing.

For a second time since the floods of the past week, the waters of the Illinois have begun to recede and Thursday afternoon a fall of nearly one inch was recorded. If the weather is favorable it is thought the water will rapidly go down until a normal condition of the river is reached.

This recession of the waters has not stopped work on the levee and a full force of men is still engaged in strengthening the structure. The three companies of militia are still doing patrol duty, and will probably be kept there for several days.

C. P. Runs Trains Through.
The C. P. & St. L., has resumed through service on this branch after running trains only as far as Chandlerville for nearly two weeks. The bridge spanning the Sangamon river at Chandlerville was washed out nearly two weeks ago and since that time trains on this division have been running only as far as Chandlerville.

NOTICE.
I hereby announce myself a candidate for member of board of education of Second ward.

J. M. Wolfe.

Only Give Him a Chance.
Father—"You seem to have no idea of the value of money." Son—"No idea. Why, dad, I can mention a hundred different ways of spending money you never dreamed of."—Boston Transcript.

TO ADDRESS LOCAL BUSINESS MEN AT MONDAY LUNCHEON

Secretary of Peoria Association to Speak Here Monday.

Arrangements have been completed by Paul Fritchey, secretary of the Jacksonville Chamber of Commerce, whereby Willis Evans, who holds a similar position with the Peoria association, will speak at a noonday luncheon of the local organization Monday. The luncheon is to be held at the Pacific hotel at 12:15 o'clock and Mr. Evans' address will be: "The Need of Co-operation Between the Business Men's Organization and the City Administration." Mr. Evans has the reputation of an interesting speaker and his talk will no doubt be heard with interest.

A big opportunity—the famous \$5 style Durham Duplex razor for 35c on sale now at Price's jewelry store.

SEE THE EMPORIUM ADV. ON PAGE 11.

FOR NEW RECIPROCITY TREATY WITH CUBA

Washington, April 10.—Looking towards the possible preparation of a new reciprocity treaty between Cuba and the United States, Cuban Minister Rivero had a conference today with Secretary Bryan on the effect of the coming tariff revision upon the sugar and tobacco producers of Cuba. A new treaty will be asked for, the minister said, if the tariff bill goes through as introduced by the ways and means committee or with such reductions as would injure the sugar and tobacco interests of his country. Secretary Bryan encouraged him to believe, he said, that the new administration would do all in its power to continue and develop further the growing trade between Cuba and this country.

Method of Bleaching Ivory.
To bleach ivory ornaments or piano keys the following method works well. The ornaments are first washed or "soaked," if possible, in a bath of unslaked lime, which has in it a few ounces of bran and water. This should make a pasty solution if properly mixed, and will bleach the ivory which is discolored or stained. It should be rubbed off with a cloth and the ivory dried in magnesia powder. After a few minutes a few strokes with a cloth gives the ivory a brilliant polish.

AGED MAN FOUND DEAD.

Burlington, Ia., April 10.—Mansel Edwards, aged 73 years, one of Burlington's best known citizens and father of J. L. Edwards, president of the Merchants' National bank of this city, was found dead beside the Burlington railroad tracks six miles south of Burlington late this afternoon. The old gentleman, in a state of mental aberration, had wandered away from home and met his death through exposure. He came to Burlington from Louisiana in 1881. There he was quite prominent politically.

Naturally They Would.
Clothes—I'm going to distribute 10,000 sheets of blotting paper with my advertisement on, "All Wool Trousers for \$2" in big letters. Ain't that a good idea? Printer—I don't think it is. Folks might take the blotting paper for a sample of the goods.

Healthy Palms.
An olive oil bath is an excellent thing for a palm or fern. Pour two tablespoonfuls of olive oil at the root of your plant about once a month. You will immediately note the difference in the plant. It becomes a healthy green and the leaves fairly sparkle in the light. If your plant is small, you will not need so much oil.

WIFE HELD FOR SHOOTING.
Springfield, Ill., April 10.—Gabriel Schwartz, 35 years old, a miner, is in a dying condition at St. John's hospital as the result of shooting that occurred at his home early tonight. Following the shooting his wife, Agnes Schwartz, 30 years old, was arrested and is being held on suspicion of having shot her husband.

The Gold Dust Twins' Philosophy

THE floors and doors appear to wait until the dust germs congregate; the housewife hails each dawning day with grim and harrowing dismay. Says she: "My work will NEVER end; o'er dusty stretches I must bend, until, with aching back and hands I finish what the day demands."

The "Floor-and-Door-a" Girl

Then Mrs. Jones, one afternoon, dropped in, at time most opportune. An optimist, she knew the wiles of household work—its sighs and smiles. She told of how she polished floors and woodwork and the endless doors, until when Hubby saw them, too, reflections said: "Why, howdy-do!"

"The Gold Dust Twins," said she, "I find, help leave the woes of dust behind. Each mark of sticky hands on doors, each tread of muddy feet on floors, all fade before the slightest touch of Gold Dust, and the work is such that, when the woodwork has been done, I find said work was only fun." This line of reasoning must show that those who've tried it OUGHT to know. If you, in one day's duties, find that there's a Grouch in every Grind, invite the Gold Dust Twins to share such tasks as tire and fret and wear.

From kitchen floor to bedroom suite, these tireless little chaps make neat, and best of all, the sum expense is measured up in meager cents. They put both dust and dirt to rout and run the last old microbe out.

ANNUAL CONCERT AT BLIND

Large Audience Hears Splendid Program by Students of State Institution.

The annual concert at the state school for the blind took place Thursday night before an audience that taxed the seating capacity of the chapel, many being unable to find seats. The concert by the school is one that is always looked forward to with no little interest and a rare musical treat was given the big audience last night. All the students appeared to good advantage and the program as published in Thursday morning's Journal was carried out. Especial mention could well be made of each pupil. The ensemble work of the string quartet was quite noteworthy, the Traumerlei by Schuman being splendidly interpreted. The orchestra also did some fine work and the last three numbers on the program by the senior chorus found a superb ending in the Hallelujah chorus by Handel.

Too much praise cannot be given Miss Lillian A. Smith the competent musical director of the school. Her painstaking and thorough efforts were revealed in every number and she was the recipient of many compliments for the evening's musical treat.

A New Face.

Mrs. Platt and her little son Tommy frequently went to St. John's church and the little boy had become familiar with the minister's face. One Sunday morning another minister was filling the pulpit. Tommy seemed rather troubled. Finally he leaned over to his mother and in a very audible whisper said: "Mother, what's become of St. John?"

NO REFUND ON LOST MILEAGE

Recent rulings of the interstate commerce commission contain one which will be of interest to all traveling men using mileage. Complainant in the case bought a mileage ticket entitling the bearer to 1,000 miles of transportation over the lines of the defendants, the Pennsylvania lines. The tickets were destroyed by accident after coupons representing 200 miles travel had been used. The following condition as printed on the ticket: "If this ticket is lost, mislaid, or stolen, it will not be replaced, nor will any refund be made on such account." The defendant refused to refund the value of the unused portion of the book on account of this condition. The commission found that as the ticket was sold at a reduced rate, and that the conditions printed on the ticket were not unreasonable, the defendant should not be required to make any refund.

No Suffragette Views.

A visitor at a seaside house went into the local postoffice and, seeking to draw the postmaster into conversation, asked him what his views were as to suffragettes. "Hain't got no views of that kind," replied the postmaster, "but we've got some fine postcard views of the new viaduct, the Baptist church, and the new library. Want to look at 'em?"—London Tit-Bits.

NOTICE.

Our work began April 1. By making your schedule the first time the assessor comes to see you, you can help to keep down the expense of the county. If you are called on the second time your schedule has cost twice as much as it ought to. Many men we have to call on the third time in order to get a schedule. Make your schedule when the assessor comes.

Jerry Cox, Assessor-Treasurer.

Copying Our Games.

France would compete with us in baseball, and now Sweden comes to study American intercollegiate football, planning to introduce the art of punts and mass plays up toward the northern lights. American sports are becoming internationalized. In the course of empire now taking an eastward course, and will our diamond and our gridiron become, like our government, the admiration of older nations?

On Pennsylvania Farm.

Here is one of the stories, says the American Greeting, from the old man's row in front of the barber shop: One man said back in Pennsylvania they farmed the land where the hills were so steep that when they planted potatoes one man had to hold them in a furrow while another man covered them up. When they dug them in the fall they were simply allowed to roll to the bottom of the hill before any attempt was made to pick them up.

The Greater Benefactor.

Visitor—"I suppose the whole town honors the man who donated the new library?" Native—"No; it's the man who donated the site for the new baseball park."—New York Globe.

NOTICE OF FINAL SETTLEMENT.

In the matter of the estate of Braxton Davenport, Deceased. Notice is hereby given that I, the undersigned, administrator of the estate of Braxton Davenport, deceased, have caused my final report and account of such administration to be placed on file in the office of the clerk of the county court of Morgan county, and that I shall apply to said court on Monday, the 28th day of April, A. D. 1913, at 9 o'clock a. m. of that day, or as soon thereafter as I can be heard, for an order of approval of said report and account, and for my final discharge, at which time and place all persons interested can appear and show cause, if any they have, why such order and discharge should not be granted.

R. T. Cassell, Administrator.

OPPOSED TO ROUGH NECK DAY

A member of the board of education has asked the Journal to again make it plain that the board is strictly opposed to observing "rough neck day" by high school pupils. The members of the board he said knew of no special action they could take to make certain that the day was not observed other than express their strong disapproval of the day and to make known their wish that the pupils join in no such demonstrations as were made last year. The superintendent of schools, principal and faculty of the high school and the members of the board are of one mind in their opposition to the day.

Not Saying Much.

A celebrated woman lawyer says women are just as honest as some men, but perhaps that isn't saying very much.—Grand Rapids Press.

Too Ominous Beginning.

Ease That Sore, Tight Chest! MUSTEROLE Does It!

Rub MUSTEROLE on your chest briskly, and you will be amazed at the blessed relief you will feel right away. It prevents pneumonia.

MUSTEROLE is a cream, white ointment made with oil of mustard. Simply rub it on. No plaster necessary. Better than mustard plaster and positively does not blister.

Thousands who use MUSTEROLE will tell what relief it gives from Sore Throat, Bronchitis, Tonsillitis, Croup, Stiff Neck, Asthma, Neuralgia, Headache, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches of the Back or Joints, Sprains, Sore Muscles, Bruises, Chills, Frosted Feet and Colds (it prevents Pneumonia).

Doctors and nurses frankly recommend MUSTEROLE as a substitute for the old messy mustard plaster. Large hospitals use it.

At your druggist's in 25c and 50c jars and a special large hospital size for \$2.50. Accept no substitute. If your druggist cannot supply you, send 25c or 50c to the Musterole Company, Cleveland, Ohio, and we will mail you a jar, postage prepaid.

"I have used Musterole to my greatest satisfaction for coughs, colds, etc. I am a nurse and recommend it."—Myra Grety, Salt Lake City, Utah. (40)

PROF. VAN HOREBEKE

IS DECLARED SANE. Springfield, Ill., April 10.—Prof. Van Horebeke, teacher of French and voluntary political speaker who has frequently addressed the Illinois house from the galleries during recesses and who was taken into custody a week ago upon petition of John E. Bretz that an inquisition be made as to his sanity, was today declared sane and was released amid the applause of many of his friends who had gathered in the county court. As his attorney extolled his virtue, Professor Van Horebeke wept. He was congratulated as he left the court house.

Extremely Difficult.

It is not often a man succeeds in living up to the impression he tries to make.—Chicago Record and Ald.

Over-Night Relief for Constipation

A Small Dose on Retiring and You Are Well and Happy by Morning.

It is only natural that the simplest of ailments should be the most general, and so we have a whole nation suffering from constipation and indigestion, for they are closely allied. But common as constipation is many people do not seem to know they have it. They will complain of headache, drowsiness or biliousness, all unconscious of the cause of the trouble.

You should have a full and free movement at least once a day. If you pass a day you are constipated, and the result will be that you will catch a cold easily or have a more serious ailment. To cure the constipation and forestall still graver trouble take a dose of Dr. Caldwell's Syrup Pepsin at night before retiring and by morning relief will come, without disturbance, rest sleep or any inconvenience.

Legions of people use it regularly in such emergencies, some of them formerly chronic invalids who have suffered from constipation all their lives. Mr. A. B. Danner, 326 Riley St., Harrisburg, Pa., says: "Dr. Caldwell's Syrup Pepsin gave me almost instant relief from stomach and bowel trouble. I now eat anything I want and sleep well. Many others will tell you that they have tried most things recommended for this purpose but have found Syrup Pepsin the only one always reliable. A bottle can be obtained at any drug store for fifty cents or one dollar.

MR. A. B. DANNER

the latter size being bought by families already familiar with its merits. Syrup Pepsin is mild, pleasant-tasting and non-gripping. Mothers give it to tiny infants, and yet it is effective in grownups. It is for everyone who suffers from any form of stomach, liver or bowel trouble, constipation, dyspepsia, biliousness, etc. Its action will so delight you that you will forever avoid harsh cathartics, purgatives, pills and salts. If no member of your family has ever used Syrup Pepsin and you would like to make a personal trial of it before buying it in the regular way of a druggist, send your address—a postal will do—to Dr. W. B. Caldwell, 417 Washington St., Monticello, Ill., and a free sample bottle will be mailed you.

Picture Show and Vaudeville at the Grand Today and SATURDAY

RECEIVED HIGHEST AWARDS

Men Welcome Mother's Friend

A Duty that Every Man Owe to Those who Perpetuate the Race.

It is just as important that men should know of progressive methods in advance of motherhood. The suffering, pain and distress incident to child-bearing can be easily avoided by having at hand a bottle of Mother's Friend.

This is a wonderful, penetrating, external application that relieves all tension upon the muscles and enables them to expand without the painful strains upon the ligaments. Thus there is avoided all those nervous spells; the tendency to nausea or morning sickness is counteracted, and a bright, sunny, happy disposition is preserved that reflects wonderfully upon the character and temperament of the little one soon to open its eyes in bewilderment at the joy of his arrival. You can obtain a bottle of "Mother's Friend" at any drug store at \$1.00, and it will be the best dollar's worth you ever obtained. It preserves the mother's health, enables her to make a quick and complete recovery, and thus with renewed strength she will eagerly devote herself to the care and attention which mean so much to the welfare of the child. Write to the Bradfield Regulator Co., 129 Lamar Bldg., Atlanta, Ga., for their valuable and instructive book of guidance for expectant mothers. Get a bottle of Mother's Friend today.

There is a wealth of instruction and comfort to be derived in reading this little book. It is plainly written, just what every woman wants to know, and will be a splendid little textbook for guidance, not only for yourself, but will make you helpful to others. And, in the meantime, do not fail to get a bottle of Mother's Friend at the drug store, and thus fortify yourself against any and all pain and discomfort.

KEEP YOUR HEAD UNCOVERED.

The Constant Wearing of a Hat Propagates Dandruff Germs.

There are many men who wear their hats practically all the time when awake, and are blessed with a heavy shock of hair; yet if the scalp of these same men once became infested with dandruff germs, the parasites would multiply all the quicker for lack of air. Baldness would ensue as the final result. Newbro's Herpicide kills these germs and stimulates un-healthy hair to abundant growth. Herpicide is a pleasant hair dressing as well as a dandruff cure and contains not an atom of injurious substance. Sold by leading druggists. Send for stamps for sample to The Herpicide Co., Detroit, Mich.

Two Sizes—50c, and \$1.00
For Sale at all Drug Stores.

The county option bill has been referred by our legislators to the committee on miscellany—that probably means the waste basket.

Alexander Hamilton favored the election of U. S. senators by direct vote. It takes a long time to bring about some needed changes.

We have become such expert dodgers of street dangers that we fail to realize that there are nearly a million autos in the country.

Democrats claim President Wilson has gone back to Jeffersonian simplicity in reading his own message to congress. Jefferson himself termed it the "kingly fashion of addressing congress from the throne."

In the death of Milton McClure, at Beardstown, that community has suffered a loss. Mr. McClure was an able lawyer, active in public and political affairs.

It is said that smoking is on the increase—eight billion cigars were smoked last year, at a cost of about \$700,000,000, not counting cigarettes. Chewing tobacco is following the snuffing habit into obscurity.

Senator De La Barra, minister of foreign affairs for Mexico, has announced that Mexico would not recognize the republic of China because "conditions there are too unsettled." Mexicans take themselves seriously as heroes in comic operas.

A rule has been established by the Harvard faculty that students are no longer to be permitted to steal signs from the streets in order to ornament their rooms. It is cruel to so curtail the intellectual privileges of the youth.

A medical journal in speaking of moving picture shows says "it is generally agreed among oculists that a man with normal eye sight may safely attend four moving picture shows of thirty minutes each, per week."

Infantile paralysis is one of the most dreaded of children's diseases. It is often fatal, but frequently leaves its victim crippled for life. Medical science is as yet unable to cope with the disease. About 87 per cent of its victims are left cripples according to the statistics.

Mrs. Frank A. Pattison of New Jersey said at a social science meeting in New York that if women would give more personal attention to the business of the household and spend less time playing bridge and going to matinees and managing markets the cost of living would not be so high.

A New York court holds that a man has a right to refuse to marry a woman who persists in going after fads and that she can secure no pecuniary damages for such breach of contract. All this, of course, provided the man was no conscious of the young woman being addicted to the fad habit at the time the engagement was entered into.

One of the largest financial institutions in Chicago has already made a proposition in writing to take the \$50,000 at 4 1/2 per cent bonds to be voted on next Tuesday. They will take the bonds at par, in case they are issued, and pay all expenses of printing them. The commission, of course, can only sell them after advertising for bids, which must be opened publicly, awarding them to the highest and best bidder. But that proposition is a guarantee that they will bring one hundred cents on the dollar.

The Burlington Hawk Eye says that "the Morgan county medical society has appointed a committee to examine the milk supply of Jacksonville. If the committee consists of three members, it is likely that there will be three reports, as the medicals have a happy faculty of disagreeing upon almost everything under the sun. And after the examination shall have been concluded, Jacksonville will still be in doubt as to her milk supply and the rating it ought to have and whether the lactical fluid bought by her people at so many for a dollar, is wholesome and nutritious or not."

The beautifying of our Central park is now being considered by the Women's club and there is a certainty that our city commission will co-operate with them in every way. The members of the commission have expressed not only a willingness but a desire to take the matter up with them. The appropriation to meet the necessary expenses is not great enough to carry out all the improvements desired, perhaps, but sufficient to keep the place in good shape for the year. To make it, as one business man suggested, the "front yard" of every business house on the square, one that they can be proud of and enjoy, and of every day use.

There will be no more elections of United States senators by the state legislatures. Thirty-six states have ratified the amendment to the constitution providing for the direct election of senators by the people. The fight for this method has been on for nearly sixty years. The Lorimer senatorial scandal in Illinois and the Addicks senatorial scandal in Maryland some years ago greatly hastened the bringing about of this legislation. Whether this new plan will result in getting any abler representatives into the senate than have been placed there in the past remains to be seen, but in the matter of bringing government closer to the people this is undoubtedly a great step. The election of Lewis and Sherman by the Illinois legislature closed up the election of senators by the legislatures and will be the last as long as this constitutional amendment shall stand.

The Boosters club, composed largely of young, energetic men, have adopted a resolution, a platform, that has in it the making of a city. We need men enthusiastic

STUDENTS' RECITAL AT ILLINOIS WOMAN'S COLLEGE

Pupils of Department of Music Appear in Program Thursday Afternoon.

A students' recital by pupils of the Department of Music was given in Music hall Thursday afternoon at 4:15 o'clock. The program which follows was given in a splendid manner:

Orzan—Fantasia Stainer
Letta Irwin.
Piano—Study in D Lemoine
In the Field Franke
Ethlyn Wisegarver.
Piano—March Reichold
Virginia Spink.
Violin—Danse Bohemienne Friml
Hilda Ator.
Piano—Consolation No. 2 Liszt
Florence Hillish.
Piano—Humoresque Dutton
Gertrude Kumble.
Voice—What the Chimney Sang Grieg
Flossie Fletcher.
Piano—Alta Tarantella MacDowell
Esther Fowler.
Piano—Final Movement from Sonata Op. 26 Beethoven
Edith Hillierby.
Piano—Gavotte in E major Bach
Roland Kiel.
Voice—A Pastoral (Old English Melody) Carey
Mary Shastid.
Piano—Polonaise in C sharp minor Chopin
Ruth Mattocks.

TO A MARCH WIND.

(By S. H. McCausland)
Blow, blustering Aeolus, blow,
From Hellene seas afar;
Laden with wrath and storm and snow.

Thou comest as to war,
With ruin is thy pathway fraught,
Destruction goeth with thy breath,
And like the cruel juggernaut,
Behind thee lies a trail of death.

Dark, lowering clouds with threatening brow,
Betoken evils sore;
Fire and flood deep furrows plow,
In souls that joy no more.
Aching brain and breaking heart
Are nestled in thy wing,
God's scourge, and yet thou art
Sweet harbinger of spring.

'Tis thus the cruel floods of life
My burdened soul break o'er,
Bruised and beaten, torn with strife,
Shipwrecked and cast ashore.
Yet will His perfect love abide
My anchor and my stay,
What e'er my fainting heart betide
But leads to blissful day.

CONVENTION OF MACHINERY MEN.

Indianapolis, Ind., April 10.—This city is entertaining for three days what is probably the largest and most representative gathering of men interested in the machinery industry that has ever been held in this country. The occasion is a joint annual convention of the National Supply and Machinery Dealers' association, the Southern Supply and Machinery Dealers' association and the American Supply and Machinery Manufacturers' association. It is the first time that the three organizations ever have met together. A leading feature of the programme will be an address by William M. Bullitt, solicitor-general of the United States.

COTTON MEN AT HEARING.

Dallas, Texas, April 10.—Cotton planters, factors and exporters today began the presentation of their complaints to representatives of the railway and steamship lines which have ordered extra rates for under or over sized bales of cotton. Tomorrow the transportation men will present their side of the case. Nearly every cotton exchange in the south is represented at the hearing.

BIRDS AND AGRICULTURE.

Feathered Tribe Natural Enemy of Insects Which Cause \$700,000,000 Annual Loss to Farmers—No Success Without Birds.

Entomologists have estimated that insects yearly cause a loss of upwards of \$700,000,000 to the agricultural interests of the United States, and as the material prosperity of state and nation depends largely on agriculture, any agent that serves to increase the size of crops and insure their certainty is of direct interest and importance to the farmer. Birds constitute one of the most valuable of these agents, since they depend largely for their food on insects which are among the farmer's most dreaded foes. Good authorities believe that were it not for our birds successful agriculture would be impossible. A knowledge of the birds that protect his crop is, therefore, as important to the farmer as a knowledge of the insect pests that destroy them.

The number of insect pests is all the time increasing through invasions from abroad and by migration from adjoining territories, while on the other hand methods of modern intensive cultivation destroys the breeding grounds of birds that tend to diminish them, so that unless steps are taken to augment the number of useful birds, as well as the adoption of methods for their protection, losses to agriculture must continue to increase.

Our Debt to Birds.

To show the extent to which the farmer is indebted to bird life for the destruction of noxious insects and weeds the following facts were learned by stomach examinations in the biological survey:

A tree swallow's stomach was found to contain 40 entire chinch bugs and fragments of many others, besides 30 other species of insects. A bank swallow in Texas devoured 68 cotton boll weevils. Two stomachs of pine siskins from California contained 1,900 black olive scales and 300 plant lice. A killdeer's stomach contained over 300 mosquito larvae. A flicker's stomach held 28 white grubs. A night hawk's held 34 June beetles, the adult form of the white grub; another contained 24 clover leaf weevils and 375 ants. Another had eaten 24 grasshoppers, 52 bugs, 3 beetles, 2 wasps and a spider. The stomachs of some of the common birds of the southern states have held 190 cotton bollworms, besides other insects. A pheasant's crop contained 8,000 weed seeds and a few white grubs.

Should Know Our Friends.

A knowledge of our useful birds should be as common as a knowledge of mathematics. Every boy and girl should be taught the economic value of birds and be encouraged to protect them from their enemies by providing nestings facilities and by furnishing them with food in times of stress, especially in winter.

Parents and teachers may greatly assist this work by securing from the United States department of agriculture copies of Farmers' bulletins which are full of valuable information, nicely illustrated and are free to those who apply for them.—H. A. McKeene, secretary of Illinois Farmers' Institute.

LIME FOR SOILS.

Best Form of Lime—Many Tests Show Increased Yields From Proper Use.

There is only one form of lime advocated by the Illinois Agricultural Experiment station and the Illinois Farmers' Institute for use on the farms of Illinois; this is the ground limestone rock, and it is not recommended as a fertilizer direct, but as a reagent to bring about certain changes in the soil. If the soil is acid legumes do not flourish because the bacteria that live on their roots cannot thrive in an acid soil. Ground limestone will restore its sweetness; it will also promote the activity of the nitrifying bacteria that change organic nitrogen to nitrates, in which form only do plants take nitrogen through their roots. It will flocculate a heavy clay soil making it looser, and while there are many plants that do not use lime as a food, legumes and certain other crops demand such quantities that we are justified in supplying the lime for all common Illinois soils.

Alfalfa a Heavy Feeder.

Dr. Cyril G. Hopkins reports that the most common prairie soil of southern Illinois contains only 4,788 pounds of lime (CaO), whereas from his calculations 4,914 pounds are required for 30 four-ton crops of red clover. The same soil contains only enough lime for 23 four-ton crops of alfalfa. We must all realize, sooner or later, that our greatest problem in the restoration of our depleted soils is the supplying of humus and nitrogen, and that the first step in solving the problem is the application of limestone.

During the last nine years the Illinois station has made 318 tests to determine the effect of lime (ground limestone) on crop yields in southern Illinois. These tests were made at Odin, Edgewood, Mascoutah, DuBois, Cutler, Ewing, Raleigh and Vienna. They include 79 tests of legumes (clover, cowpeas and soy beans), 122 tests on corn, 55 tests on oats, and 62 tests on wheat, these crops being grown in the rotations practiced. As an average of all the tests the yield per acre has been increasing by one-half ton of hay, by 5.0 bushels of corn, by 6.5 bushels of oats, and by 4.9 bushels of wheat. The data secured and here reported are amply sufficient to justify the conclusion that, in practical economic systems of farming on the prairie and timber soils of southern Illinois, limestone, at less than \$1.00 per acre per year, will produce one-half ton more of clover or cowpea hay, 5 bushels more corn, 6 bushels more oats and 4 bushels more wheat per acre.

Makes Improvement Permanent.

While liberal use of limestone and the return of the increased vegetable matter will make marked and profitable improvement in soils, yet the improvement will be temporary unless phosphorus is also applied, because this element is present in the soil in small amount and it is removed in crops and sold from the farm not only in grain and hay, but also in bone, in meat, and in milk.—H. A. McKeene, Secretary, Illinois Farmers' Institute.

Restless Mother Earth Tosses Over Dredge At Culebra Cut; Sightseeing Cars In Use.

In token of the prodigious power of the sliding earth one of Uncle Sam's great dredges was tossed over on its side and wrecked by a recent commotion of the land at Culebra cut. It is an old trick of Mother Earth to become unsteady at this point on the Panama canal, and the slides are continuously a menace. This is the greatest problem to be encountered along the waterway. There were 2,000,000 cubic yards of dirt displaced in the recent slide. To accommodate sightseers Uncle Sam has a number of special cars with seats facing the front on a slope upward to the rear of the car. These traverse the length of the canal. At bottom is a view of the overturned dredge with a derrick busy picking it up. Above is a view of the sightseeing cars. Vincent Astor and Colonel Goethals were in the front car.

Your Spring Garments

With the approach of spring, your thoughts turn toward your spring wardrobe.

Let us assist in solving the problem of its preparation, by dry cleaning and pressing your slightly worn garments and making them fit for wear again this season.

Gowns and wraps that have been remade, are given the finishing touch that really makes them like new, by this service.

And remember, that this service continued during the season, keeps your garments, new or remade, looking fresh, clean, neat and attractive.

ENGINEER CALDWELL APPROVES LIGHT PLANT IMPROVEMENT PLANS

After Inspecting Plant Writes to Commissioner Brennan His Opinion as to Condition—Reserve Power is Advisable.

H. L. Caldwell of the Caldwell-Nelson Engineering company recently inspected the municipal light plant and yesterday wrote to Commissioner Brennan expressing his opinion about the plant's condition and the plans for its improvement. Mr. Caldwell is thoroughly posted in such matters. His letter reads as follows: Jacksonville, Ill., April 10, 1913. Commissioner J. E. Brennan, City.

Dear Sir: I hereby take pleasure in writing you my opinion of our own municipal lighting plant, and the \$50,000 bond issue.

Upon my first visit to the plant I immediately saw that the plant was obsolete and entirely unfit for use at the present time. The generators are of about the first type of machines made for extensive use and are of the direct current type. Direct current was at one time all that the world knew about, but as time went on improvements were made and the greatest and largest improvement was when engineers and manufacturers adopted the alternating current system, so therefore I think you are right when adopting the alternating current, as you are not only keeping in step with the progress of time, but are adopting a system that is absolutely far superior to the old, antiquated direct current system.

I would also like to commend you on your good judgment and foresight, in asking for reserve power. The present age is one where everything must be done absolutely the best and most up-to-date way or it is not that upon which the people will depend. In my opinion it would be a poor design of any plant that did not have some reserve power.

Your lighting the city by the use of boulevard lights, and the replacing of the 187 arc lights, which are now in service, and the installation of 100 additional arc lights ought to make us a well lighted city.

The present plant is not in bad condition because of poor management, but merely because it has done the service for which it was intended at the time of its installation, and now is only fit for junk.

I hope you are successful in getting the \$50,000 bonds voted by the citizens, because you have adopted the right plan, and the people of Jacksonville ought to support you in it.

Sincerely yours,
H. L. Caldwell,
Civil and Mechanical Engineer.

Oldest Established Jewelry firm in Central Illinois

THE BEST BREAD IN TOWN BUTTERNUT "Is Mother Tied Down" BREAD

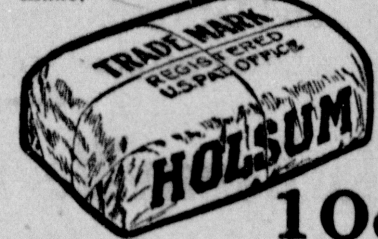

Comes in a sealed sanitary package.

It is uniformly good and well baked. A real value at 5c a loaf.

Of course—if she clings to the old prejudice against baker's bread. She is thinking of old-time methods.

HOLSUM Bread

combines twentieth century principles with the cleanly, tasty snack of mother's own make.

To read every item in this bill and to come and buy what you need at these prices is one of the best, easiest and surest way that could be suggested to save money.

Illinois Stock Exchange

Saturday, April 12th, at 9:00 a. m.

AT THE

ILLINOIS STOCK EXCHANGE

Jacksonville's Greatest Bargain Store : 13 West Side Square

O. A. Saal's, Pekin, Illinois, entire stock of high grade clothing, furnishings, hats, etc., combined with our own large new spring stock of ladies' and children's ready-to-wear wearing apparel, on sale Saturday, April 12 promptly at 9 a. m., at wonderful little prices.

This Sale Means a Saving

To every person, no matter how small the purchase. The stocks have been gone through in a systematic manner, the prices reduced uniformly. The big stocks of goods have not been spared—all must be reduced one half, at least—the orders are imperative and must be obeyed, so you can come to this sale the opening day or any other day of the seven sale days, with the confidence that every article you buy is bought for less than its value. We cannot afford to deceive you. We are here to stay in this business. Come prepared to share in the greatest bargain feast you ever attended.

Illinois Stock Exchange

The entire stock of A. O. Saal's store on sale at prices that have never been equaled. For instant cash we have purchased the entire stock of O. A. Saal, one of Pekin's best and up-to-date Clothiers and Furnishers. This stock in its entirety consists of very best furnishing on the market. Shirts of the well-known Silver Arrow brands, John B. Stetson hats, in fact, every line of maximum quality. In the past two days this stock has been shipped to our location, Illinois Stock Exchange, where our entire force have arranged and marked down the entire stock for quick selling, and opening Saturday, April 12, promptly at 9 a. m. The entire stock combined with bargains from every department of the Illinois Stock Exchange will go on sale.

The people of Jacksonville and vicinity will be given a chance to reap the benefit of a genuine spectacular bargain sale.

The stock of A. O. Saal, who quite business in Pekin, is forced on the market at prices that in many instances will be less than the actual cost of raw material. Get ready, the sale opens Saturday, April 12, promptly at 9 a. m., at the Illinois Stock Exchange. Come early and get your choice of the wonderful values.

READ! READ! SENSATIONAL BARGAINS!

ILLINOIS STOCK EXCHANGE 13 West Side Square, Jacksonville, Ill. ILLINOIS STOCK EXCHANGE

Sale Begins Saturday || **STRAUSS'S EMPORIUM** || Lasts All Next Week!

Several Thousand Dollars Saved

By the women of Jacksonville by our remarkable purchase and sale of the entire stock of the world-renowned LA RAMPAN Coats and Suits, manufactured by the Rampian Coat and Suit Co., New York. Garments in the height of fashion; styles and materials that the leading fashion journals describe as the exact models for correct dressers! Sizes for every woman and miss! Varying modifications of the new effects to conform with each individual taste, no matter how fastidious! The big STRAUSS store has arranged this immense stock in convenient groups for your selection. It will be an event of importance to the wise shoppers and lovers of the artistic and serviceable in women's ready-to-wear apparel.

This is the season of inactivity among garment manufacturers. They are just through making their spring and summer goods and are about to start on the fall lines; so our large cash offer for the entire stock was accepted, which represented only one-third of their actual worth.

Come to Strauss's Emporium and See How a Real Bargain Event is Conducted!

The sale begins SATURDAY, April 12th and will continue all week. Even if you are not ready to buy, come and see the new store and the meaning of our phrase, "Strauss' Bargains!" Out of the several hundred garments we mention a few in the most popular price groups.

No. 1

La Rampian \$18.50 Suits for
\$9.95

Made of double warp serges, novelty suitings, and diagonal weaves, in black, navy, brown, Copen, and gray. Newest cutaway or straight front jackets, with high waisted skirts: In every size from 14 up to 44. Regular \$18.50 values,

A STRONG REFERENCE.
A young man recently applied for a position with a large printing house, and not having a letter of reference, offered his bank book. It showed a regularity of entries of deposit. It was a very strong recommendation, indicating character and persistency, which finally secured for him a good position.

LOST AND FOUND.

LOST—Gold breast pin set with pearls. Finder please return to Journal office. Reward.

What It Said.

"Well, money talks," he announced as if he was saying something new "Maybe it does," replied his friend "but all it ever says to me is 'Good by.'"

Watch Made of Glass.

Josef Baier, a glasscutter of Munich, after many years of patient toil, has succeeded in putting together a timepiece whose every wheel and screw, with the frame and each of the three covers is made of glass.

Health Hint.

If you wish to preserve yourself in health and safety, avoid serious cares and do not give way to passion.—Latin Proverb

Looked the Part.

Walter found his mother talking to a portly lady. "Walter," said his ma, "this is your great aunt." "Yes," said Walter, looking at her ample proportions, "she looks it."—Savannah News.

THE WORLD'S LATEST FINANCIAL AND MARKET NEWS

MOVEMENTS OF STOCK MARKET IS IRREGULAR

TRADING WAS DULL AND DISPLAYED LACK OF INITIATIVE

Market Fluctuations Represented Momentary Response to Activities of Professional Traders, Who Appeared to Have the Market in Their Own Hands.

(By Associated Press)
New York, April 10.—Movements of stocks today were irregular and speculative sentiment was confused. The alternate periods of advancing and declining prices represented little more than the momentary response to activities of professional traders, who appeared to have the market in their own hands. Trading was dull much of the day and displayed a lack of initiative, in the absence of new impulses from any quarter. On the upward swings gains of a point or more were made by some of the leading issues and on the declines there were corresponding losses. Net changes on the day were small.

Pennsylvania at 114, New York Central and Baltimore & Ohio touched new low points for the year. Selling of Pennsylvania was carried on heavily at times following yesterday's announcement of a new issue of the stock.

The decline of 170,000 tons of unfilled orders shown by the steel corporation in its monthly report had no effect on the stock, such a decrease having been clearly forecast. That the figures fell off less than 200,000 tons indicated that orders continued heavy last month. European buying of stocks here continued. London's purchases today were about 30,000 shares, chiefly of steel, Amalgamated, Union Pacific and Erie.

The sale of \$10,000,000 New Central one-year five per cent notes in London was accepted as a further indication of the better feeling abroad toward American securities.

Time loans steady; 60 days, 4 1/2

WHEAT CROP EXPERTS SEE RECORD CROP

ROSY REPORTS OF WHEAT CONDITIONS AID BEAR SIDE OF MARKET.

Experts Declare That the Biggest Yield on Record is in Prospect in Missouri, Kansas, Nebraska and Oklahoma.
(By Associated Press)
Chicago, April 10.—A net loss of 1/4 to 5/8 was suffered by wheat today on the most enthusiastic crop reports that have reached the trade in some weeks. There was a decline of 1/4 to 5/8 in corn, oats finished unchanged to 1/4 lower, provisions 5c lower to 2 1/2c higher.

Wheat crop experts wired that the biggest yield on record was in prospect in Missouri, Kansas, Nebraska and Oklahoma. Kansas was said to be a garden spot and the great wheat raising counties of Nebraska were said to be smooth and green. These rosy reports were made further effective on the bear side by general snows in Kansas and Nebraska, which, following recent soaking rains, made growing prospects ideal.

Primary wheat receipts were 513,000 bushels compared with 253,000 a year ago. Seaboard clearances of wheat and flour equalled 200,000 bushels.

A selling drive in corn, made on discovery that one of the big houses had sold moderately, caused prices to decline. The market early in the day had been firm and active because of general wet weather and consequent delay to field work and marketing. Rains which indicate a cutting down of seeding operations in oats caused an early firmness which was wiped out on profit-taking sales.

A fair investment demand caused a firm undertone in provisions. Offerings were light and at the close demand slackened also and there was a general easing off in sympathy with grains.

CHICAGO LIVESTOCK MARKET.
Chicago, April 10.—Hogs—Receipts, 19,000; market strong to 5c higher. Bulk of sales, \$8.50 @ 9.25; light, \$8.50 @ 9.30; mixed, \$8.55 @ 9.27 1/2; heavy, \$8.55 @ 9.20; rough, \$8.65 @ 8.85; pigs, \$9.00 @ 9.20.

Cattle—Receipts, 4,500; market steady to shade lower. Heaves, \$7.20 @ 9.20; calves, 25c higher. Texas steers, \$8.50 @ 7.90; western, \$7.00 @ 8.15; stockers and feeders, \$6.10 @ 8.10; cows and heifers, \$3.90 @ 8.40; calves, \$6

Correct Shapes for Childish Feet

We want to emphasize the importance of using great care in the fitting of children's feet. We firmly believe to use proper care early in life will greatly lessen foot troubles later in life. We take great pride in our ability to fit the feet of children with the proper shaped shoes in a way they should be fitted. Why not trust the little feet to people who make a study of fitting, who specialize in this phase of shoe fitting?

Children's Slipper Styles

We have a very complete showing of the newest styles in slippers for the little feet. A very complete showing of straps, buttons, ties and sandals in the popular materials. Get used to our children's department; we entertain the children and fit their feet correctly.

SOCIAL EVENTS.

Mrs. George E. Matthews entertained a few friends at her home on Webster avenue Thursday afternoon in honor of Mrs. Robert E. Ball of Kansas City, who came to the city to attend the wedding of her son, Robert E. Ball to Miss Marjorie McArthur, a niece of Mrs. Matthews. Bridge whist was played and the prizes were won by Mrs. J. Thompson Sharpe and Mrs. Lee P. Alcott, the guest prize going to Mrs. Ball. The afternoon proved delightful in every way and suitable refreshments were served.

John Pendleton of Chandlerville was transacting business in the city yesterday.

B. F. Graham of Arenzville was among the Thursday business callers in the city.

You ought to see our line of children's shoes. Frost & Nolley. Mrs. W. J. Cook and son, William, were Chandlerville visitors in the city yesterday.

Miss Bertha Hart of Winchester is visiting her niece, Miss Beniah Hart of 1017 South East street.

E. E. Williamson, the undertaker was called to Arenzville last night on account of two deaths there.

A big opportunity—the famous \$5 style Durham Duplex razor for 35c on sale now at Price's jewelry store. Mr. and Mrs. H. C. Langford and daughter, Eunice, were visitors in the city yesterday from Franklin.

Mrs. J. W. Rief and son, John, of Alexander are in the city visiting with her sister, Mrs. Gilbert Masters, of South Main street.

The men who buy hats of Frank Byrns' Hat Store have the advantage of a larger assortment to select from as well as the fact that the hats have been selected for them by one who has given this article more study than any other for many years.

You will find a really great assortment of footwear at Frost & Nolley's.

PEORIA CONSISTORY MEETING.

Special meetings of Peoria Consistory and co-ordinate bodies four days of the coming week beginning Monday, when the Central City Lodge of Perfection will meet. Tuesday Peoria Council, Princes of Jerusalem will meet; Wednesday Peoria Chapter Rose Croix and Thursday Peoria Consistory.

TAYLOR'S GROCERY

A Good Place to Trade.

A Pure Raspberry Flavor

Joseph Burnett Company

OF BOSTON

After Many Years Experimenting

Succeeded in producing a Pure Extract of Raspberry. Its delicate flavor blends well in preparing many desserts or puddings. Try this one for an experiment.

RASPBERRY CREAM

Soak one teaspoonful of gelatin in a half a cup of cold water and dissolve it in a half a cup of scalded milk. Add two-thirds of a cup of sugar and stir steadily. When the mixture begins to stiffen, add the whites of two eggs well beaten, one-half pint of cream, diluted with a half a cup of cold milk whipped together. Add a scant tablespoonful of Burnett's Raspberry Extract and tint to the proper shade with Burnett's Fruit Red Color Paste. Pour into a mold and set in a cold place.

Taylor, the Grocer

LONDON SUFFRACETTES WILL CONTINUE TO BURN AND PILLAGE

Women Intend to Continue the War For Votes With Renewed Vigor.

London, April 10.—The suffragettes held a big meeting at Albert Hall tonight. The speakers all declared it to be the intention of the women to continue the war for votes with renewed vigor.

George Lansbury, ex-Socialist member of the house of commons, demanded the immediate release of Mrs. Pankhurst and her fellow prisoners and abandonment of the "torment of forcible feeding."

He urged the militants to continue to burn and destroy property.

"If a leader is taken away," he said, "let a dozen women step forward and take her place. This is a war in which we shall do our best to preserve human life, but show no regard for property of any kind."

The whole audience rising responded lustily to a call for three cheers for Mrs. Pankhurst, now serving a term in jail.

GOES TO PERU HOSPITAL.

Miss Kirchoff of Passavant Hospital Secures Splendid Position.

Miss Sophia Kirchoff left Thursday night over the Wabash for Peru, Ind., where she will take charge of the new hospital there. This hospital was near completion at the time of the big flood. It is equipped sufficiently now so that between 40 and 50 flood sufferers, most of them ill with typhoid pneumonia, are being treated there.

Miss Kirchoff received her call to the hospital through the executive board of the institution. She has been one of the competent nurses at Passavant hospital and her appointment is a further compliment to her ability.

Belles Lettres play "A SCRAP OF PAPER" at Music hall Monday night.

DEAD ROBBER IDENTIFIED.

Lawrence, Kan., April 10.—The body of the man who was killed recently while attempting to rob a bank at Barnes, Kan., was positively identified today by Mrs. Gertrude Morton of Waterville, Kan., as that of her husband, Fred Morton, who formerly lived at Keokuk, Ia. Mrs. Morton said she separated from her husband about a year ago. He was about 40 years old she said.

The body has been at the Kansas University Medical school for the last week and Mrs. Morton left her home in Waterville tonight, leaving the body at the school.

WILL ATTEND FUNERAL.

Miss Vera Tomlin, a student at the Woman's college, will go to Pleasant Plains this morning to attend the funeral of her uncle, Chas. Tomlin, who died at his home in Linneus, Mo.

SPLIT DEVELOPES AMONG THE STATE TROOP LEADERS

Fail to Defeat Federal Garrison at Naco.—General Ojeda Makes Attack.

Naco, Ariz., April 10.—Failure to crush the small federal garrison at Naco, Sonora after two days fighting in which the defender took the aggressive, developed today in a disagreement among the state troop leaders. Colonel Calles moved the larger portion of his group to Auga Prieta, opposite Douglas, Ariz.

After two conferences the constitutional chiefs failed to agree. Colonels Calles and Bracamonte blamed General Obregon for the failure of artillery to arrive. The commander-in-chief blamed the delay on Governor Pesqueira, who had promised cannons from Harrosville, the state capital.

General Ojeda during today kept his federalists in the border town. There was no resumption of fighting.

General Ojeda made a sudden attack tonight upon the Yaqui Indian division of the state troop forces, cannonading their camp a half hour. The Indians responded feebly. A number of bullets struck the Hotel Naco here. General Obregon has gone to Nogales to consult with state authorities regarding the difficulties in the attack of Naco.

Reinforce Garrison.

Neuve Laredo, Mex., April 10.—General Truck Aubert with a force of 900 federal troops arrived here today to reinforce the Neuve Laredo garrison. The soldiers practically fought their way to the border, participating in a severe campaign at Bustamante and other points.

QUICK LOT SALE.

Walton Brothers who recently sold a number of lots in Jacksonville, made a quick disposal of 32 lots in Waverly this week. In two hours they had disposed of the 32 lots, which brought from \$66 to \$510 a piece.

SENATE BILLS INTRODUCED.

Springfield, Ill., April 10.—Bills were introduced in the senate this morning and referred to committees as follows:

S. B. 382, (Railroad Committee)—Substitute bill for the Hurlburg anti-pass bill. Extends the list of those to whom passes may be issued to include mail carriers, policemen and firemen in uniform, ministers, Y. M. C. A. traveling secretaries, and permits the exchange of passes between railroad officials. Railroads.

S. B. 383, (Chamberlain)—Requiring courts to appoint special administrators of estates in cases where the administrator is indebted to the estate. Judiciary.

S. B. 384, (Ettelson)—Allows extra cost of educating cripples to be paid out of state treasury. Education.

S. B. 390, (Ettelson)—Same as S. B. 385 except that it applies to subnormal and anemic and incipient law id or epileptic children. Education.

S. B. 388, (Ettelson)—In cases involving husband and wife allows either to testify as to statements made by third party. Judiciary.

S. B. 387, (Ettelson)—Makes man guilty of failure to support wife or children under eighteen years of age, guilty of misdemeanor punishable by fine not to exceed \$100, or imprisonment in county jail or workhouse not to exceed two years. Judiciary.

S. B. 388, (Ettelson)—Providing the same penalty as in above bill for desertion. Judiciary.

S. B. 369, (Hamilton)—Provides that engine cars must be equipped with springs and must be of separate construction from fire box and boiler. Railroads.

S. B. 391, (Ettelson)—Providing for payment from state treasury of excess cost of educating delinquent children.

HEAVY SNOW IN NEBRASKA.

Norfolk, Neb., April 10.—One of the heaviest snows of the winter fell over northern Nebraska and southern South Dakota today. At Norfolk the snow is five inches deep on the level, but north of here it is heavier.

Youthful Idea In Clothes

A FEW of the far-sighted makers of clothes awoke to the fact that most men want clothes that help them keep cheerful. They found that age wasn't the dividing factor of clothes fashions. Even men along in years want clothes with the spirit of youth. It was to these makers that we went for the charming models we are showing. You'll find the trim, shapely models in the lead, because there's character to them. Garments that hug closely to the neck, fit smoothly across the shoulders and back, tailoring you will find only in the most highly specialized clothes making organizations. You'll find the little touches on ours that are not to be had in other makes.

THE NORFOLK SUIT
